

Miraç KARA

Mechatronics Engineering Student

+90 534 060 42 62 | mirackara1838@gmail.com | www.linkedin.com/in/miraç-kara | Istanbul / Beykoz

SUMMARY

Highly motivated Mechatronics Engineering student with a strong aptitude for teamwork and interdisciplinary collaboration. I have developed solid leadership and communication skills through tutoring roles, complemented by adaptability and time management gained in competitive technical projects. With C1-level proficiency in English and German, I am a quick learner ready to contribute to dynamic, international environments with a solution-oriented mindset.

EDUCATION

Turkish - German University 2022.08 - Current

Bachelor of Engineering : Mechatronics Engineering , GPA : 3,47

İnegol Mediha Hayri Çelik Science High School

High School Diploma , OBP : 96,39 2018 - 2022

WORK EXPERIENCE

Thermal System Design Engineer Intern | ASELSAN 2026.08 - 2026.09

- Engaged in mechanical and thermal system design, supporting heat transfer analysis and implementing PLC-based automation solutions for defense applications.

Production Quality Intern | Mercedes-Benz Türk A.Ş. 2026.06 - 2026.08

- Utilizing SAP for production quality data management and designing dynamic Power BI dashboards to monitor key manufacturing KPIs and support continuous improvement processes.

Student Tutor | Turkish - German University 2024.09 - 2026.06

- Provided German language instruction (A2-C1) for preparatory students last year, and currently delivering academic guidance in Statics and Strength of Materials through problem-solving sessions and laboratory support for undergraduate engineering students.

Short-Term Intern Engineer | BELBIM 2024.07 - 2024.08

- Gained hands-on experience with turnstile systems in mechanical and electrical workshops, and designed a custom voltage regulator from schematic to PCB layout and assembly.

PROJECTS

Mining Technologies Competition | TEKNOFEST 2026.02 - Current

- Developing an early warning system using multi-parameter sensor networks to analyze mine waste landslide risks under Prof. Dr. Şafak Gökhan Özkan.

Electrical & Embedded Software Team Member | TAUV Team 2025.09 - 2026.02

- Designed PCBs using KiCad and simulated hydrophone/pinger systems for an Autonomous Underwater Vehicle (AUV) in LTSpice.

Electrical Department Member | TGU Racing 2024.08 - 2025.09

- Designed EV safety PCBs using KiCad/EasyEDA and optimized battery cell packaging for high-performance power systems.

LANGUAGE SKILLS

Mother tongue(s): **TURKISH**

Other language(s):

	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken production	Spoken interaction	
GERMAN	C1	C1	C1	C1	C1
ENGLISH	C1	C1	C1	C1	C1

Levels:A1andA2: Basic user;B1 andB2:Independentuser;C1and C2:Proficientuser

HARD SKILLS

- **Electrical/Circuit Design:** KiCad, EasyEDA , Proteus
- **Simulation:** MATLAB/Simulink, LTSpice
- **Programming/Software:** C++, Java, MATLAB
- **Technical Drawing/CAD:** Siemens NX, SolidWorks
- **Data & Business Tools:** SAP, Power BI, MS Office

CERTIFICATES

- **Bosch Mobility Training Program | Bosch Turkey** 2026.07

Trained in automotive electrification and systems engineering. Explored VCU architecture, hybrid/EV systems, high-voltage battery technologies, BMS, functional safety, and fuel cell systems.

- **Mechatronics Vehicle Construction Training | Üsküdar Innovation Center** 2026.01

Developed a bluetooth-controlled robotic vehicle from scratch using Arduino, Proteus, and CAD/CAM; executed the entire integration lifecycle including PCB fabrication, CNC chassis machining, and mobile app interface design.

- **English Language Proficiency - C1 Level** 2025.06

Successfully completed an intensive English language program at English Culture Language School and obtained a C1 level proficiency certificate, officially demonstrating strong competence in English.

- **Sommerdeutschkurs in Universität Bielefeld & DAAD Scholarship** 2023.08 - 2023.08

Ranked 7th in the national selection exam during the preparatory year and awarded a DAAD scholarship among the top 100 students. Earned the opportunity to attend a one-month intensive language course at Bielefeld University, Germany.

- **TestDaF** 2023.09

Obtained an internationally recognized certificate demonstrating German language proficiency. Based on the results, my competence is assessed at the B2–C1 level.
